## **Hansar Samui Paints Bophut School to Support Local Community**

Hansar Samui is well known for its regular CSR activity and this month a team of 24 management and staff from the hotel helped the local Bophut School by painting their building. Bophut School is located within close proximity to the hotel and has a total of 341 students and 18 teachers.

The team from Hansar spent the day at the school and painted both the exterior of the building and interiors of 3 classrooms for students on primary levels 1, 2 and 3 in a soft pastel peach colour. Once finished, the school had a whole fresh clean new look, making it a more pleasant environment for the teachers and students.
