Hansar Samui Donates to Local Orphans and Special Needs Children Gifts Funded by Proceeds from Organic Garden

For its second monthly CSR event, Hansar Samui's staff led by General Manager Indra Budiman donated to disadvantaged children. School bags and lunch boxes and food were donated to 8 special needs children at the Samui Learning Centre for Special Needs; the only school of its type on the Island, which is run by the Surratthani Branch of the Thai Autism Foundation.

The team then visited a group of 180 orphans living in the Hua Thanon-Lamai area and donated food and school bags and spent time with the children.

The funds to purchase the donated items were raised from selling vegetables from the hotel's organic garden at the local markets.

The organic veggie and fish farms were recently developed by the Hotel staff on a piece of wasteland adjacent to the hotel. Each department has their own plot within the garden and are responsible for their specific crops.

Each month, the hotel will donate its harvest to a new worthy cause within the local community as part of its latest corporate social responsibility program.
