

New Tours Launched with Iconic Float Plane

Auckland's newest tourism experience brings a touch of romance, adventure and history to exploring New Zealand's Hauraki Gulf. Auckland Seaplanes takes off and lands on Waitemata Harbour in an original 1961 De Havilland Beaver – one of the world's most iconic float planes. Scenic flights over the volcanoes and islands of the Hauraki Gulf, as well as vineyard lunch packages to sample the local food and wines of Waiheke Island are offered. Auckland Tourism, Events and Economic Development, Manager Tourism, Jason Hill, says this launch will add a new dimension to exploring the harbour and Hauraki Gulf islands. "Finding new ways for people to experience our harbour and gulf are among our key aims. We think this will have a strong appeal to a range of people – from aviation enthusiasts to visitors wanting something a little different."

SHAKE, MUDDLE AND STIR WITH HANSAR SAMUI'S NEW COCKTAIL CLASSES

Not only can guests at Hansar Samui learn the art of Thai Cooking during their stay, they can complement those skills with the new cocktail making classes which have become an instant hit! After a welcome cocktail to get in the mood, the 90-minute class allows guests to get behind the bar to shake up two different types of cocktails, as well as learning some bar skills and tricks. At the completion of the class they get to enjoy their creations with canapés. A certificate is presented along with a souvenir gift and a farewell drink. Classes are held at the hotel's beachfront Chill Lounge on Sundays, Mondays and Fridays from 3:00 – 4:30pm.
